

**SATELLITE CONFERENCE OF ICM 2010
ON RINGS AND NEAR-RINGS
IN SHILLONG, MEGHALAYA
Preliminary Announcement (March 2009)**

A satellite conference of International Congress of Mathematicians 2010 (ICM 2010) is to be held in Shillong, Meghalaya. Its title is ‘Satellite conference on rings and near-rings’ and the tentative dates are August 30, 2010 to September 11, 2010.

Shillong, located in the north-eastern region of India, is a picturesque hill station with a cosmopolitan culture. Convenient flights are available (via Kolkata) from Hyderabad (the venue of ICM 2010) to Guwahati, the major airport nearest to Shillong. Shillong generally has pleasant weather in September.

Further details regarding registration etc. will be made available in subsequent announcements. Please contact for more information: Prof.M.B.Rege, Department of Mathematics, North-Eastern Hill University (NEHU), Permanent Campus, Mawlai, Shillong-793 022, India.
