

# İSTANBUL ANALYSIS SEMINARS

## SHILOV BOUNDARIES AND ENVELOPES OF HOLOMORPHY

Peter PFLUG

Universität Oldenburg  
Institut für Mathematik

**Abstract:** In this talk we will discuss Shilov boundaries, envelopes of holomorphy, and their relations, and we will present a counterexample to an old “theorem” due to Bremermann.

**Date:** April 17, 2015

**Time:** 15:40

**Place:** Sabancı University, Karaköy Communication Center  
Bankalar Caddesi 2, Karaköy 34420, İstanbul

İstanbul Analysis Seminars is supported by TÜBİTAK.
