

Graduate Studies in MATHEMATICS at Bilkent University

Research Areas

- **Algebra & Arithmetic**
Representation Theory, Invariant Theory, Number Theory
- **Analysis**
Complex Analysis, Functional Analysis, Dynamical Systems, Differential Equations
- **Geometry & Topology**
Algebraic Geometry, Algebraic Topology, Differential Geometry
- **Applied Mathematics**
Financial Mathematics, General Relativity, Statistical Physics, Integrable Systems, Quantum Computation, Control Theory, and other topics of current interest.

About Bilkent

Bilkent University, located in Ankara, the capital of Turkey, is one of the top elite universities of the country and the region. According to *QS University Rankings*, Bilkent is among the top 100 universities worldwide under 50 years of age, and ranks 20th among the Emerging Europe and Central Asia universities.

Bilkent Mathematics Department offers studies leading to M.S. and Ph.D. degrees in mathematics. A generous financial package is available for successful applicants, including tuition waiver, monthly stipend, private health insurance, and on-campus housing. The language of instruction at Bilkent is English.

Application Deadlines

Early: March 31, 2023

Regular: May 31, 2023
